

# SOCIAL JUSTICE ENGAGEMENT

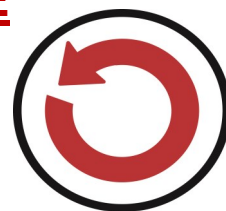

## Diversity, Intercultural, and Community Engagement (DICE) Certificate Program

DICE is a certificate earning program for all students interested in enhancing their Ohio State experience through co-curricular involvement focused on diversity, social justice, and leadership. DICE provides diversity training through flexible, fun, experiential learning and serves as a unique way of supporting student identity and interpersonal development. Earning a DICE certificate is a great way for students to show future employers or graduate/professional schools that they had a vested interest in diversity and social justice during their time at Ohio State.

To earn your DICE certificate, you must earn a total of **10 DICE credits by April 13, 2018**. There are three levels of options to earn DICE credits listed below. At least five of your 10 credits must be earned in Column A and you must complete at least one of the options listed in Column B OR Column C. The final two credits will be earned by writing a DICE reflection paper. Please visit our website, where you can download a tracking form to get started today, find details about each credit-earning option, and read the prompt for the final reflection paper.
