••• DIVERSITY, INTERCULTURAL
AND COMMUNITY ENGAGEMENT
Certificate Program

The Student Life Multicultural Center welcomes you to the DICE Program. This year we are undergoing many exciting changes, including transfer of our DICE tracking system to an online portal. While we work on these improvements, please use this form to track your progress.

When you have completed all of the required credits, you may complete this [Qualtrics Form](#) to submit your credits and reflection paper. Please contact Alex Winkowski (Winkowski.1@osu.edu) if you have any questions.

To earn your DICE certificate, you must complete required credits and submit a reflection paper within one year. You can earn DICE credits a variety of ways such as attending MCC events and workshops, implementing a DICE-approved service project, or completing the ESHESA 2577 course. Different events/programs count for 1, 2, or 3 credits at a time. If you are unsure how many credits you earned with a given program, you can check event details on the [MCC Events Calendar](#) or reference our handy [DICE Overview Guide](#).
