Sarah Philip, CNP | Student Health Center

Join Sarah Philip, CNP at the Wilce Student Health Center, in talking about the health of women and all menstruating people. The discussion will focus on period health. What is normal, when to see a doctor, and answer general reproductive health rights.

In honor of Women's History Month, please help us in collecting menstrual products to benefit LLS CHOICES and YWCA Columbus. Drop off your donations in the Student Life Multicultural Center Lobby and receive a free Women's History Month Shirt.

If you require an accommodation such as live captioning or interpretation to participate in this event, please contact Madison Eagle at eagle.41@osu.edu. Requests made two weeks in advance will generally allow us to provide seamless access, but the university will make every effort to meet requests made after this date.
